1 Getting started

This Chapter includes the following topics:

- [Introduction](#)
- [Creating an account at Hevo](#)

1.1 Introduction

The Hevo platform enables users to retrieve data from over 150 sources, encompassing a variety of databases like those hosted on the cloud or on-premises, as well as Google Sheets and other sources. Additionally, this platform offers the capability to import data to any preferred destination.

1.2 Creating an account at Hevo

To create an account on Hevo, perform the below steps:

1. Go to <https://hevodata.com>. The Hevo website home page appears.
2. Click **Log in** given on the upper-right pane. The Login to your Account page appears.
